

User Manual

Tektronix

2794
Spectrum Analyzer
070-8632-00

Please check for change information at the rear of this manual.

First Printing AUG 1992

This manual is divided into sections and appendixes.

- *Section 1, Getting Started*, includes a general product description.
- *Section 2, Operating Basics*, includes information on instrument unpacking, storage, descriptions to familiarize you with the front and rear panels, and a general operational check. Also included in Section 2 is the menu operation, the dedicated function keys, data entry, marker control and operation, and a description of all front-panel keys and menus.
- *Section 3, Reference*, includes general operating information and examples.
- The Appendixes include the instrument options and accessories, an alphabetical listing of all instrument menus, and the electrical specifications.

The following manuals are also available for the 2794 Spectrum Analyzer.

- *2790 Series Programmer Manual* includes all GPIB commands, queries, and responses for the instrument family. Applicable syntax diagrams and a functional command listing are also included.
- *2794 Service Volume 1* includes the performance check procedure, adjustment procedure, maintenance information, theory of operation, the replaceable electrical and mechanical parts lists, and the exploded views.
- *2794 Service Volume 2* includes the schematic diagrams, circuit board illustrations, and component lookup tables.

Reference

Reference	3-1
Signal Application	3-1
RF INPUT Connector	3-1
Connecting to a 75 Ω Source	3-2
Input Networks and Reference Level Offset	3-3
Amplitude Conversion	3-4
Resolution Bandwidth, Span, and Sweep Time	3-4
Using the Manual Peak Functions or Automatic Peaking	3-5
Using the Video Filters	3-6
Using Time Domain Operation	3-8
Triggering the Display	3-8
Sweeping the Display	3-8
Reference Level, RF Attenuation, and Vertical Display	3-9
Reference Level Offset	3-9
Alternate Reference Level Units Selection	3-10
Using Minimum Noise, Minimum Distortion, or Reduced Gain Modes	3-10
Using Digital Storage	3-11

SAVE A Mode	3-12
B-Save A Mode	3-12
Max Hold Mode	3-13
Using the Store and Recall Features	3-14
Using Signal Count	3-14
Front-panel Control	3-14
Count Resolution	3-15
Counted Locations	3-15
Signal Counting and Stored Traces	3-15
Signal Count Tutorial	3-17
Using the Tracking Generator Mode	3-20
Using the Sideband Analyzer Mode	3-20
Using the EOS Correction Mode	3-21
Using Multiband Sweep Mode	3-21
Entering Multiband Sweep Mode	3-21
Exiting Multiband Sweep	3-21
Multiband Sweep Operation	3-22
Instrument Operating Differences in Multiband Sweep Mode	3-22
Using the Time Measurement Feature	3-23
Defining Peak Find Characteristics For Markers	3-24
Setting the Signal Type	3-25
Signal Finding	3-25
Using the Instrument with External Mixers	3-29
Using the Signal Identifier	3-29
External Interfacing	3-32
Plotting the Display	3-32
User Adjustments	3-33
Viewing Intensity	3-33
Vertical Position	3-34
Horizontal Position	3-34
Vertical Cal	3-34
Vertical Cal Results	3-35
Status Message Register	3-37

Appendixes

Appendix A: Options	A-1
Options A1, A2, A3, A4, and A5 (Power Cord Options)	A-1
Option B1 (Service Manuals)	A-2
Option B2 (Second Manual Set)	A-2
Options M7 and M9 (Extended Service and Warranty Options)	A-3
Option 07 (75 Ω Input)	A-4
Option 10 (Waveguide Mixers)	A-6
Option 11 (Waveguide Mixers)	A-6
Option 12 (Waveguide Mixers)	A-6
Option 13 (Waveguide Mixers)	A-6
Option 14 (Waveguide Mixers)	A-7
Option 30 (Cradlemount)	A-7
Option 39 (Silver Battery)	A-7
Option 41 (Digital Radio)	A-8
Option 42 (110 MHz IF Output)	A-8
Appendix B: Menu Selectable Functions	A-11
Alphabetized Function Listing	A-11
Graphic Menu Representations	A-18
Configuration Menus	A-18
Counter Menu	A-19
Delta Marker Menu	A-19
Display Menus	A-20
Frequency Menus	A-20
Input Menus	A-21
Macro Menu	A-22
Markers Menu	A-23
Minimum RF Attenuation Menu	A-24
Reference Level Menus	A-25
Resolution Bandwidth Menu	A-26
Settings Recall Menu	A-26
Settings Store Menu	A-26
Span Menu	A-27
Sweep Menu	A-27
Trigger Menu	A-27
Utility Menus	A-28
Video Bandwidth Menu	A-29
Waveform Recall Menu	A-29
Waveform Store Menu	A-29
Waveform View Menus	A-30
Appendix C: Specification	A-31
Electrical Characteristics	A-31
Verification of Tolerance Values	A-31
